Employer Support of the Guard and Reserve (ESGR) is an office of the Department of Defense established in 1972. The mission of ESGR is to gain and maintain employer support for Guard and Reserve service by recognizing outstanding support, increasing awareness of the law, and resolving conflict through mediation. ESGR volunteers provide free education, consultation, and if necessary mediation for employers of Guard and Reserve employees. As the 32 thousand members of the National Guard and Reserve in Florida and Nationally 1.3 million members continue to perform an increasing number of unique missions that require extraordinary actions on the part of everyday citizens, ESGR will continue to be the informational agency for the employers of citizen warriors.
