

Boos Development Group Now Shares Pedigree With Under Armour, GoPro, Zappos and Microsoft

Clearwater-based Commercial Real Estate Company celebrates its nomination to the Inc. 5000 List of Fastest Growing Private Companies

Clearwater, FL- August 22, 2017- Boos Development Group began in 1997 as a father-son journey by Robert D. Boos and Robert B. Boos to become leaders in their craft of real estate development. Now, as they celebrate 20 years of business growth, it seems fitting that Boos has been recognized on the Inc. 5000; a list of the fastest-growing privately owned companies in America. The Inc. 5000 is comprised of entrepreneurs whose services, products, and values led them to the top of a list that contains companies that are now considered household names across the country.

Since 1997, Boos has grown from a 2 person, 2 room office above a Subway strip center in Clearwater, FL to a 70+ employee company with 10 regional offices that span from coast to coast with its corporate office in the same city where they had their roots, Clearwater, FL. Boos has regional office locations in Alabama, Arkansas, California, Southern Florida, Georgia, Texas, Pennsylvania, New York, and corporate in Clearwater, Florida. With over 900 completed projects, more than \$7.5 million square feet developed, over 300 combined years of experience, and over \$2 billion in costs of developed projects, Boos continues to stay invested in their core values. Between 2014 and 2016, Boos has experienced 82% revenue growth over 3 years.

“We’re honored to be included in this year’s Inc. 5000 list and extremely proud of our clients and team who made it possible. Our dedication to providing first-in-class customer service and keeping our commitment to our clients has been instrumental in achieving our growth since our founding.” said Robert D. Boos, Chairman and CEO of Boos Development Group.

About the Inc. 5000

The 2017 Inc. 5000 is ranked according to percentage revenue growth when comparing 2013 to 2016. To be nominated, companies had to be founded and generating revenue by 2013. All companies are U.S.-based, privately held, for profit, and independent. Companies on the list have, on average, grown six-fold since 2013. They must have experienced a two-year growth in sales of more than 50 percent and earned a combined revenue between \$1 million and \$300 million in 2015. The complete 5000 list is printed in the September issue of Inc. Magazine (available on newsstands August 16). The list features nominees from the most important segment of the American economy: independent and mid-sized businesses. Take a moment to consider that the three year growth average of the companies in the Inc. 5000 is 481% and the combined revenue is \$206 billion. Collectively, these companies created over 600,000 jobs over the past three years. To learn more about the Inc. 5000 list visit <https://www.inc.com/inc5000>.
